Gender, Nation and State in Modern Japan | Taylor ...
The gender binary is a social norm of contemporary Japan that is still widely taken for granted. Despite the common belief that the gender binary has its roots in a distant, feudal past, many have made the convincing argument that it took shape in tandem with the development of the modern nation-state.

Gender, Nation and State in Modern Japan ed. by Andrea ...
To most people in the modern world the categories of gender and nationality seem natural and self-evident. However, historical scholarship has demonstrated that the categories of ‘gender’ and ‘nation’ are culturally constructed and historically contingent. We are now very familiar with Benedict Anderson’s oft-quoted phrase that nationalism involves the construction of an ‘imagined community’ ...

Nations and national projects are gendered in different ways. Feminist theory has raised important questions about the conceptualisation of ‘difference’. This article develops the conceptualisation of the different ways in which nations and national projects are gendered, arguing for a mid-level conceptualisation of gender relations.

Gender, Nations and States in a Global Era - Walby - 2000 ...

Polite Ire looks at the links between gender and the state, arguing that masculinity is constructed in the image of the state. Politics is dominated by men. Indeed when David Cameron was accused of being sexist, he responded at the next PMQs by ensuring there were a number of female MPs sat behind him, presumably in an attempt to show that women were represented in his government.
